CITRIX HEALTH CHECK SERVICE

Review now to prepare for the future

CITRIX®

Citrix is a highly configurable suite of software products that integrates at the infrastructure layer and facilitates seamless application and desktop delivery. Alchemy's Professional Services team recommends regular reviews of existing Citrix environments to ensure the optimal functionality provided by the software. Alchemy has developed a health check to evaluate each of the deployed Citrix components. The deliverable for the health check is a report of the findings with high-level details of any recommended changes and new features.

This service is intended for implementations that have been in place for an extended period of time. It also affords the team an experienced consultant to review the configuration and to make recommendations on future features or enhancements.

Services Description

This service is a health check of the Citrix Infrastructure, which includes a 2-4 day remote engagement with analysis and documentation of the findings and recommendations.

Documentation will include a report on the following:

- **Citrix Infrastructure**
  - Hypervisor
  - Storage
  - Virtual App & Desktop
  - Profile Management
  - ADC
- **Citrix Components**
  - Citrix licensing
  - Citrix GPOs
  - Citrix Performance Analysis
- **Go Forward Plan**

Deliverables

Alchemy's Citrix Health Check Report will be provided at the conclusion of all engagements. The report will contain information for each finding with a priority level: *High, Medium or Low* and a recommendation for the best path forward.

Pre-Requisites

To ensure the success of the service, it is essential that certain key technical personnel are present at the initial workshop. These people should be able to articulate the current customer environment and the requirements for the target solution. It is also essential that the Alchemy consultant have hands-on access to the Citrix Consoles and Powershell for reviewing the configuration(s).

Pricing

Alchemy's Health Check is a fixed fee engagement based on the size and scope of services. To discuss your particular needs, please contact your Alchemy sales executive.
